# RETRO-FIT SOLUTION FOR ZERO ENTRY BINS

GSI has taken a lead in promoting products to enhance **SAFETY** in your grain facility and this is a great solution where rules and regulations prohibit having personnel in bins while sweep augers are running.

## Commercial Sweep Tractor

- Knockdown design will fit into a 18" square door
- Easily retro-fits to existing sweep with minimal fabrication
  - Idler wheel required in place of end wheel drive
- Standard on 12" - 14", Optional on 10" - 12"
- These kits include a .5 hp, 3 phase, Explosion Proof Motor. (If other motor options are required, please contact GSI sales.)

### Tractor Retro-Fit Part Numbers to Match Existing Sweep

Sweep	Tractor Part No.
6" - 8"	GK80170
8" - 10"	GK80171
10" - 12"	GK7918
12" - 14"	GK80098

## Commercial Sweep Control Panel

- Automatic or Manual Control
  - Tractor advance is controlled by auger motor amperage
- Portable design allows for easy movement between same size sweeps
  - All power is connected with plugs in bottom of panel
- 3 Phase, 230 or 460 volts
  - Multiple models cover auger horsepower range of 3-10 (230V) and 3-20 (460V)

### Control Panel Part Number to Match Existing Sweep's Auger Horse Power

Auger HP	230 V	460 V
3	GCSTP2-03	GCSTP4-03
5	GCSTP2-05	GCSTP4-05
7.5	GCSTP2-75	GCSTP4-75
10	GCSTP2-10	GCSTP4-10
15	N/A	GCSTP4-15
